

RE: Naming Convention for Certificate Programs (CER and STC)

Effective Fall 2019, in order to comply with Alabama Community College System (ACCS) data standards, Jefferson State's naming convention for Certificate programs has changed as follows:

- **CER Level Programs:** Now classified as "Certificate" (formerly "Advanced Certificate")
- **STC Level Programs:** Now classified as "Short Term Certificate" (formerly "Certificate")

This change supersedes all prior references to CER and STC programs in the JSCC College Catalog and Student Handbook. The updated terminology will also be reflected on all official Jefferson State transcripts and diplomas.
